## Happy New Year!

*We know we are a little late in wishing you a Happy New Year, but January went by so fast!*

*The first week of January we were in Port Huron, Michigan again, working with the fabulous teachers and staff at **Landmark Academy**. On the way home we stopped in Troy so that we could be featured on a cable show called, **Discover Your Power to Succeed**, hosted and produced by Sandra Agazzi Chimenti,*

*author of **The Real Me: Awakening Your True Self**. Thank you, Sandra, for having us on your show - we had a fabulous time!*

*Last week we completed another Level 1 LearningSuccess Coach Training with a great group of enthusiastic parents and teachers. And this coming week we will be working with our Level 4 Coaches, who are learning to be Level 1 and Level 2 presenters.*

*We have new classes coming up in February and March - including a **NEW Workshop Licensing course** - so be sure to get all the details below.*

And, remember, if you live in Ventura County, you can listen to **LearningSuccess Tips on the radio**. Catch Mariaemma live on KKZZ, 1400 AM Ventura, doing a 10 minute segment every other Tuesday at 12:35 -- the next date is February 10. Or listen to the recordings at [www.learningsuccessinstitute.com/radioshows.html](http://www.learningsuccessinstitute.com/radioshows.html)

All our best -

**Mariaemma & Victoria**

## Celebrate Your Child!

In our book, *Discover Your Child's Learning Style*, we present the C.A.R.E.S. principles, and the first letter - C - stands for Celebrate Your Child. Focusing on celebrating is a great way to start off the year. Here are some tips:

Celebrate your children for who they are, NOT for the quality or quantity of their school work. Get into the habit of pointing out what is RIGHT about your children. Encourage them to pay attention to their own positive characteristics and actions, to their interests, talents, and accomplishments.

Compare these two sets of comments:

When are you going to get it right?...Well, if there's a way to mess it up you'll find it...You're so clumsy...I know you'll lose it...You'll probably forget like you always do...

Wow, thanks for remembering to pick that up...I noticed you put your ring in a safe place...Thanks for helping your brother...That was tricky and you managed to get it done...I admire your willingness to do a few math problems even though you really dislike math...

If children live with the first set of comments, it's not a big surprise if they themselves say things like: I'm so clumsy...I'll lose it for sure...I can't do it...I never finish things, that's just the way I am...

Children who live with the second set of comments learn to be confident and to pay attention to what they do right. You are liable to hear them say things like: Well, it's hard but I can try it...Next time I'm going to do it this way...Maybe I can make a plan so that doesn't happen again...I know I can do it...I did it!

Remember that school is not life. In the end, in the real world, it won't matter whether your child conquered dangling participles or still doesn't get Algebra...what will matter is whether your child believes in himself, whether she is confident about her own abilities and what she

*"I cannot thank you enough for such a powerful 3-day program. I arrived with the intention of learning something new. I returned with a holistic sense of who I am as a mom, professional, and learning being! That is so cool. I am a believer and you can count me on your side as we become change agents to our children."*

## The LearningSuccess Homeschool Program

The LearningSuccess Institute is registered as a private school in California. We offer a full elementary through high school program, and students receive a high school diploma.

### What is so great about our program? Lot of things!

- Each student's program is completely customized to take full advantage of that child's learning style
- Students are encouraged to develop their natural talents and interests
- Students learn "how to learn" rather than spending endless hours doing busy work and worksheets
- No child is labeled LD, ADD, Dyslexic, etc. - we find their strengths and bring out the genius in every child
- Parents learn to coach their kids for success!

Every family is assigned one of our LearningSuccess Coaches, who meets with you monthly - in person or on the phone. You receive support, recommendations, and coaching that boosts your confidence and empowers you to truly be your child's success coach.

Are you a new homeschooler...a little anxious or just downright panicked?  
Are you a veteran homeschooler...wanting more for your kids?  
Are you dealing with a child who hates school or would prefer to "daydream" all day, or is "behind" in reading or some other skill?

[www.learningsuccesshomeschool.com](http://www.learningsuccesshomeschool.com)

### High School Diploma for Adults

- Do you know adults who would like to have a high school diploma?
- What is holding them back?
- Did they have negative experiences when they were in school?
- Are they afraid it will be more of the same and they won't be able to do it?
- Were they labeled as ADD, ADHD, Learning Disabled, or Dyslexic?

Please, have them give us a call - 805-648-1739 - or refer them to our website:

[www.learningsuccessinstitute.com/adulthsdiploa.html](http://www.learningsuccessinstitute.com/adulthsdiploa.html)

In our program, each individual will:

- receive a customized program, based on his or her learning styles
- discover his/her natural gifts and talents
- become confident and empowered to reach their goals and follow their dreams

If your company has a program to help employees earn their high school diplomas, please contact us. We would love to work with you!

### LearningSuccess Products
